COUNTY OFFICIAL PAPER.

D. E. O'KEEFE.....EDITOR AND PROPRIETOR

STRENGTH OF THE SOCIALISTS

The Redding Searchlight, formerly a Populist paper and an ardent supporter of William J. Bryan, has bolted Parker, but will not support Roosevelt. Its views are strongly Socialist and without advocating particular candidates its political articles are calculated to advise readers to vote the Socialist ticket, which it predicts will poll 1,000,000 votes in the coming election. There are two Socialist tickets in the field, however, and the Searchlight fails to indicate which one it prefers. Eugene V. Debs heads the Social Democratic ticket. It is quite likely that the two Socialist tickets will poll a considerable vote this year—first, because of the Democratic turndown of Bryan and his theories, and second, the activity of the Socialist propoganda in the union labor ranks. Again, there has been of late years quite an influx of Socialists from Europe. As our cities have grown and population becomes more dense, the usual discontent with social conditions has been bred also, and this discontent is fanned by a certain group of decadent fiction writers who love to depict modern society as rotten and the political conditions as even more intolerable. In an insidious way they are continually dessiminating the idea that society, the church, the government, and indeed the whole fabric of civilization is corrupt. This naturally impresses the weak, the credulous and semi-criminal unambitious who would enjoy without effort the prosperity created by others, and who would revolutionize the social and political structure to strike down the doctrine of vested rights and to destroy the incentive to individual effort. It is hardly possible, however, that the combined vote of the two Socialist tickets will reach half a million votes. Even strikes and artificially created discontent is not likely to swell the vote beyond that figure.

IMPORTS EGGS AND POULTRY

It may astonish the farmers of California to learn that between $2,000,000 and $3,000,000 are sent annually out of the State to the East for the purchase of eggs, chickens and turkeys. Is there any good reason why that amount should not be exported, bringing money into the State instead of taking that much out. Last winter, when eggs were costing the consumer forty-five to fifty cents a dozen it was almost impossible for him to secure fresh California eggs, almost the only ones in the market being cold storage eggs or eggs shipped from the East, the few eggs produced on the ranches or by poultry breeders being snapped up by private customers.

It may be, as some California ranchers claim, that it does not pay to raise poultry, but the farmer in Iowa, Kansas or Nebraska, does not agree with him. He raises chickens that produce eggs and ships them 1500 miles or more at a profit, at a time when they are high. The California farmer, unlike his Eastern brother, does not have to contend with a climate in which for to six months in the year the grass and green feed are frozen or covered with snow. Here he can raise chickens all the year round either from the setting hen in the old way, or with the incubator. He does not need to warm his hen house for fear that his hens will freeze to death.

There is nothing slow about the Swift family of packing-house fame. If they cannot hire somebody to do their work they are not ashamed to do it themselves, as has been amply illustrated by the way four of the younger Swifts have taken hold in the present Chicago strike emergency.

is that he doesn't know half as much as he thinks he knows.

The Elliford Dramatic Company which concluded a three-night engagement here Wednesday, was one of the best aggregations which has played here for a long time. Its a crying shame that the trustees of Redwood City do not do anything to improve the looks of that old rattle-trap which they call the "town hall." The building is a disgrace to any well regulated community which has any thought for its own looks. Is it any wonder that Redwood City does not progress and that settlers are not attracted here when they see the town hall nothing but a ramshackle old place, painted about forty-two years ago and with what is left of the ower leaning over sideways. Such a building would be good enough for "Tumbledown town" but it shouldn't be good enough for Redwood City.

Funeral of Henry P. Hull.

The funeral of Henry P. Hull, whose tragic death occurred in San Mateo last week, was attended by a large number of his friends from this city last Sunday. The services were held at St. Matthews Catholic Church, San Mateo, and the throng which attended bespoke the popularity of the young man and the universal sorrow caused by his sudden demise showed the esteem in which he was held. The death of Mr. Hull caused sincere sadness in San Mateo, where he had labored so faithfully. A man cannot live the honest upright life which he had lived without being missed, and the terrible way in which he was taken adds doubly to the grief already felt. The young widow was the recipient of many messages of sympathy and from some whom she hardly knew, and the bereaved parents who are now in the twilight of life, were also made to feel that the sorrow was not theirs alone. Though Mr. Hull had passed away in the prime of life, and while still in his young manhood, he left behind him a clean record and a life well spent and of duty carefully performed.

When this resolution is passed and adopted by the town board and returned to the company, the latter will advise the library board concerning the method of payments on account of Mr. Carnegie's gift of $10.000.

New Industry in Sight.

A manufacturing firm of San Francisco is making inquiries for several carloads of coarse-fibred tule grass to be used in packing carload shipments of various wares. There is a great deal of this grass growing on the marsh near this city and it is first-class for packing purposes. Cutting and drying this grass might become quite an industry for Redwood City if looked into by some of our enterprising citizens. Any one desiring further information about the order for the grass might call at the First National Bank of this city.

CHARGED WITH IMMORALITY.

Mrs. Rosa Castiglione Sues F. Greco for $20,000 Damages.

A sensational damage suit was filed in the Superior Court of this county yesterday afternoon by Attorney Archer Kincaid acting for Rosa Castiglione and her husband, Alberto Castiglione. The defendant is Fortunato Greco, the Italian capitalist and salt manufacturer, who owns a tract of land on the bayshore, and his wife Guiseppi Greco. The plaintiff was a servant in the Greco family until June of last year when she was summarily dismissed. She was charged so she alleges with being immoral and Nicolo Piacentino a male employe was named as her co-partner.

In her complaint Mrs. Castiglione says she is a native of Italy and was a single woman when in the employ of the Grecos but subsequently married. Her maiden name was Rosa Perino. About June 3, 1903, Mrs. Greco wrote a letter to Nicolo Piancento's wife in Italy in which she charged Mrs. Castiglione with immoral conduct with Piacentino. The letter which is written in Italian is set forth in full in the complaint, together with the translation in English, of which the following is a copy:

REDWOOD CITY, CAL., June 3, 1903

My Dear Friend: On your account alone I was displeased at the discharge of your husband by my husband, I thought him to be a saint, but instead we found him to be the disturber of our family. Besides the pay, in American coin, granted your husband according to his wishes, I asked my husband, seeing the necessity of his being waited on from the very first day by my servant girl which I had had about eight years in my house, to exempt him, furthermore, from any expense, and to receive his three meals a day at my table, allowing him to remain untouched his wages of ten lire a day, as you well know.

In the meantime he began to make love to the servant girl, and on the morning of May 3d he pretended to be sick expecting to remain alone, and when the favorable moment had arrived he attempted the assault. * * * Having seen and proven the truth, without any defence which he could show him, my husband gave express orders to discharge them both at the same time. In the morning they were paid and satisfied with their wages. Now they are both in San Francisco, Cal. I did not telegraph to you in order to incur your displeasure; I cared very little for the costs of that telegram. The girl's name, in order that you may know it, is Rosa Perino.

Dearest friend, I now find myself on an island without a servant girl on account of your husband. You know it is hard when one has been accustomed to be waited on for about eight years. This is for you to regulate yourself by.

I salute you affectionately.

Your friend,

GUISEPPI GIACOMARBO GRECO.

Other correspondence followed, which together with statements made by Greco that he personally was a witness to what had occurred, are pronounced by Mrs. Castiglione and Piacentino to be wholly untrue and scandalous and defamatory.

She asks for damages in the sum of $20,000 as a balm for her wounded feelings. Nicolo Piacentino brought suit for a similar amount last May. The suits when brought to trial will be the most sensational and racy ever heard before a judge in the Superior Court in this county.

Remittitur Filed.

The remittitur from the Supreme Court dismissing the case of Samuel A. Sanderson against J. B. Cronan was filed in the Clerk's office this week. The suit was brought originally in the Superior Court to foreclose a mortgage on about 200 lots in the City Extension Homestead Tract at Colma. The decree of foreclosure was granted and Cronin took an appeal and in the meantime he sold his interest in the tract to the new Masonic cemetery and it is said cleaned up a large sum.

Some men are too lazy to enjoy a vacation.

At the outbreak of the Spanish-American War, Kyne went from here as a soldier to the Philippines. On his return he secured the above-mentioned position, which he still holds. Evidently the young man was a faithful employe, as he received a like legacy a few years ago at Dolbeer's death. The Kyne family are well known in Halfmoon Bay, being residents of the neighboring community of Blenheim. Miss Nora Kyne, a sister of the lucky man, is teacher of the Higgins district school.—Coast Advocate.

A SUPREME COURT DECISION.

Township Justices Will Be Paid According to Business They Do.

The Supreme Court handed down a decision Wednesday which effects every Justice of the Peace in the county.

The Court decided that the law passed by the Legislature of 1901, regulating the salaries of Justices of the Peace in accordance with the population of their respective jurisdictions, was invalid. It is held that the measure is in conflict with the constitutional provision which says that the Legislature shall fix the compensation of all officers in proportion to their duties.

The decision resulted from a suit instituted by E. H. Tucker, Justice of the Peace of the Fifth Judicial Township of Fresno county, against H. E. Barnum, Auditor of the county. The plaintiff tried forty cases during the month of March, 1903, and put in a bill against the county for $120. The Auditor refused to audit his salary demand for any greater sum than $90, the amount provided by the Act of 1901.

Before the Act was passed by the Legislature 1901 Justices were paid in fees, and in some counties of the State they amounted to a big sum while in others the fees were nominal. The law was passed to equalize the compensation of these officials. It is thought that constables are also affected by the decision as the law was passed under the same Act.

Judge Hannon and Constable Cronk will not suffer any loss by the decision as the fees they will earn will be as much if not more than they now receive in salaries, which are $75 and $70 respectively.

New Citizens.

The following aliens were admitted to citizenship in the Superior Court during the week: James Hopkins, a native of Ireland, admitted on the testimony of A. J Carleton and P. P. Chamberlain. Giacomo Graziani, a native of Italy, admitted on the testimony of Charles Imporsani and Charles Sturla. Esperiano Granucci, a native of Italy, and admitted on the testimony of Antone Sturla and Charles Imporsani. Guisippi Belli and Carlo Garibaldi, both natives of Italy and admitted on the testimony of Charles Imporsoni and Antone Sturla. John Izzard, a native of England, admitted on the testimony of W. A. Price and W. F. Turnbull; John E. Anderson, a native of Sweden, admitted on the testimony of A. Cook and P.P. Chamberlain; Bernardo Roslet, a native of Germany, admitted on the testimony of J. Theil and A. Heschier; Paul G. Kunze, a native of Germany, admitted on the testimony of J. Theil and A. Heschier.

Interlocutory Decree of Divorce.

Tuesday Judge Troutt granted an interlocutory decree of divorce to Ellen Creaven against her husband, Martin Creaven, on the statutory grounds of cruelty and failure to provide. The homestead was set apart for the support and maintenance of the minor children, whose custody was awarded to Mrs. Creaven. She will receive alimony in the sum of $15 a month. All costs and attorney's fees were waived. The Creavens are well known and old residents of San Mateo.

Action Dismissed to all But Three.

The deer hunters who were arrested a week ago at Halfmoon Bay were all over before Judge Hannon yesterday. An agreement was reached by their attorneys, Geo. C. Ross and Jas. T. O'Keefe, with the District Attorney, to the effect that three of their number pleaded guilty and were fined $25 each, which was promptly paid, and the action against the rest dismissed. There were fourteen in all, so the pro rata amount to each was very small. All were satisfied and thus ends the case.

CITY COUNCIL MEETING.

Bond Election to Raise $100,000 for Local Improvement.

The City Council held a special meeting Monday night to consider bids for grading and macadamizing the county road from the Five Points to the Finger bridge—the northern city limits. City Engineer Gilbert had the work divided into sections which were designated as section A, running from the Five Points to the Robinson subdivision, a distance of 3,005 feet; B, from the Robinson tract to the entrance of the Talbot place, 750 feet; C, from Talbot's to the crossing at Wellesley Park, 3,750 feet, and D, from the crossing to the bridge, 830 feet. Bidders were directed to furnish their estimates with reference to different sections. But one bid was presented, which when opened proved to be from Arnold Hess and H. D. McGarvey. It was as follows:

Section C	$480 00
Section D	70 00
Sections C and D	550 00

On motion of Walker the bid for the two sections was accepted, it being the sense of the board that bids for the remaining portions of the road would be called for at a later date.

Stafford Brothers were granted a 1½-inch water connection with their premises on A street.

W. H. Lipp requested that three weeks' time be granted him in which to make sewer connections with his property on the Island. On motion of Walker the request was denied.

The attorney was directed to prepare the resolution and notice calling an election on the question of issuing $100,000 for local improvements.

Applied for Letters.

Bridget Clifford, through her attorney, Jas. T. O'Keefe, has applied for letters of anministration upon the estate of her deceased husband. Her petition filed in the Superior Court shows that the estate consists of money on deposit with the Hibernia Bank amounting to $560, wages due and real estate. The value of the estate will not exceed $1500. The petition is set for hearing August 11th.

Will Meet at Salinas.

Miss Angelina Broggi has accepted a clerical position in the First National Bank at Redwood City. The young lady is an expert stenographer and type writer and left a good situation in San Francisco to take the one at the county seat in order that she might live at home. She is a bright young woman and will merit recognition from that institution.

The grounds of the grammar school present an inviting appearance. This week Trustee Hopkins furnished two men and Trustee Mason one, and under the superintendency of the latter all the weeds were cut down and burned, and the walks cleaned. It is fortunate for the district to have such painstaking trustees who take pride in the school and at times provide funds from their own pockets to beautify the school property.

The deer season opens in this county next Monday and many hunters are preparing their rifles for to capture the big game that is quite numerous in the mountains of this county. A party composed of Joseph Cull, Edgar and West Bartley, Charles Soto and James Donovan, Superintendent of the Branch County Jail at San Francisco, leave to-day for the Chatham ranch near San Gregorio to remain a month, hunting the fleet-footed deer.

Rev. Father Ayrenhac, the superior for the new department of theology at St. Patrick's Seminary, arrived this week from Baltimore. He is not unknown here, for many of the young priests of the coast were his pupils at Baltimore. The new superior though quite young is a profound scholar and writer and a man of great brilliancy possessing a superior intellectuality. He will assume charge of the new department when the seminary opens next month.

Samuel Nash came very near suffering serious loss last Saturday evening by a threatened fire on the O'Keefe ranch which he is farming. Threshers had left a heap of ashes containing coals which set fire to the straw, and the blaze was rapidly spreading to a large pile of wheat containing a thousand sacks, when it was discovered by I. M. Davis, who had been sprinkling the road in that vicinity. He immediately gave the alarm and by hard fighting by all the neighbors, the flames were put out before much damage was done.

Stanley McEvoy has returned to San Luis Obispo from his honeymoon spent at Los Angeles. He was married at Salinas the first part of July but the news of the happy event did not reach here until last week. The bride was a Miss Brune and for some time has been a reigning belle of Salinas where she was born and raised. She is regarded as a very beautiful woman of the blonde type. Mr. McEvoy is the second eldest of Mr. and Mrs. P. H. McEvoy and for years has been a fireman for the Southern Pacific Company. His run is between San Luis Obispo and Salinas. The former place is to be the future home of Mr. and Mrs. McEvoy.

Malcolm P. Anderson, an undergraduate student of Stanford University, will soon begin a biological survey of the northern part of Japan and the central regions of China for the London Zoological Society of London, England. Anderson will outfit in Tokio, Japan, where he will be joined by an instructor of the Imperial University of Japan. With a well equipped corps he will proceed from Tokio into the wild and more remote regions of Northern Japan, where he will not only make a thorough biological survey of the country, but also gather extensive collections of the mammals, birds, fishes and plants which are found there. It is expected that the work in Japan will consume about one year, and after that the party will go to Central China, where the same lines of work will be carried on for another year. When the survey of both countries is completed, reports on the work will be published by the London Zoological Society under whose auspices the survey is to be made. Anderson, who is to head the party, has done work in the zoological department of Stanford for a number of years, and during that time accompanied similar expeditions to Alaska and Mexico. He is a son of Professor M.B. Anderson, head of the department of English at Stanford. The professor owns a beautiful home here.

The Board of Trustees of the Menlo Park Sanitary district held a meeting Friday night of last week, there being present E. W. Hopkins, John MacBain, S. E. Slade and George Batchelder. In the absence of Chairman Charles N. Felton, E. W. Hopkins was chosen temporary chairman. Assessor Carleton presented the assessment roll for the year 1904 and the same was accepted by the board. The books show that the assessable property in the district to be $1,397, 035, an increase of $267,620 over the assessment of last year. After considerable discussion the board decided to fix the tax rate the same as last year—that is 50 cents on the $100, ten per cent of which will be devoted to the expense fund and 40 cents to the bond fund. Martin Welsh and Harry Weeden appeared before the board and strongly urged the continuance of the sewer along the county road as far as the Dominga tract so that property owners in that locality could connect with it. The request was granted. The following bills were passed and allowed: J. P. Ahlert, $6.85; P. P. Chamberlain, $27.50; Western Iron Works, $128.64; Smike Parker, $45 50; Bear Gulch Water Company, $38.25; Times-Gazette, $57.50; Democrat, $21.45: Smike Parker, $75. The compensation of the assessor was fixed at $200.

The entertainment and dance under the auspices of the Gaelic League Booth last Saturday evening was a splendid success in every way. Triumph Hall never looked prettier in its gay decoration of red, white and blue bunting and streamers. The stage was particularly attractive in its vari-colored decorations. The program, which was announced by David Kirby, president of the Gaelic League, was well arranged. The children of the Gaelic school sweetly sang in Irish "The Harp That Once Through Tara's Hall." Their efforts were applauded to the echo and they responded with another song. The Gaelic dancing by Mabel Pratt, May Handley and May Pratt was a feature that was enjoyed by the audience. Harry Moore in a happy style gave two recitations that brought down the house. James T. Lynch in a well modulated voice sang "Brown October Ale" from Robin Hood and as an encore sang the Armor song, also from Robin Hood. J. H. O'Keefe recited the celebrated speech of Robert Emmett and for an encore recited "The Tramp." Miss May Driver, who possesses a sweet voice of vast volume sang "Waiting." The young lady received great applause and she reappeared and sang the "Maid of Dundee." Thomas Gardner was in good trim and made a hit in singing "Asthore," and for an encore sang "My Own United States." James Heaggerty, the retired jig dancer of San Francisco, acquitted himself well in his stunt at Gaelic dancing. Emmett Dunn gave a mandolin solo and was accompanied on the piano by his father, Emmett Dunn Sr. The young man did so well that he was recalled by the audience. Vincent Dunn softly sang "Tessie." He was accompanied on the piano and mandolin by his father and brother. As an encore he rendered "A Lock of Hair From Mother." The Dunn family are interesting entertainers and by their ability added much to the success of the entertainment, the net proceeds of which were $100.

SAN FRANCISCO SEAWALL ACT.

CHAPTER CCXI.

An act to provide for the issuance and sale of State Bonds to create a fund for the construction by the Board of State Harbor Commissioners of a seawall and appurtenances in the City and County of San Francisco; to create a sinking fund for the payment of said bonds; and providing for the submission of this act to a vote of the people.

(Approved March 20, 1903.)

The people of the State of California, represented in Senate and Assembly, do enact as follows:

Section 1. For the purpose of providing a fund for the payment of the indebtedness hereby authorized to be incurred by the board of state harbor commissioners for the erection of a seawall and appurtenances in the City and County of San Francisco, at a cost not to exceed two million dollars (which said seawall and appurtenances the board of state harbor commissioners is hereby empowered to construct in the manner authorized by law, and at a cost not to exceed said two million dollars), the state treasurer shall, immediately after the issuance of the proclamation of the governor, provided for in section ten hereof, prepare two thousand suitable bonds of the state of California, in the denomination of one thousand dollars each. The whole issue of said bonds shall not exceed the sum of two million dollars, and said bonds shall bear interest at the rate of four per centum per annum, from the time of the sale thereof, and both principal and interest shall be payable in gold coin of the present standard of value, and they shall be payable at the office of the state treasurer, at the expiration of nineteen years from their date, subject, however, to redemption by lot as in this act hereinafter provided. Said bonds shall bear date, the second day of January, A. D. nineteen hundred and five, and shall be made payable on the second day of January, nineteen hundred and twenty-four A. D. The interest accruing on such of said bonds as are sold, shall be due and payable at the office of the said state treasurer on the second day of January, and on the second day of July, of each year after the sale of the same; provided, that the first payment of interest shall be made on the second day of January, A. D. nineteen hundred and six, on so many of said bonds as may have been theretofore sold. At the expiration of nineteen years from the date of said bonds, all bonds sold shall cease to bear interest, and, likewise, all bonds redeemed by lot shall cease to bear interest as in this act provided, and the said state treasurer shall call in, forthwith pay, and cancel the same, out of the moneys in the San Francisco seawall sinking fund provided for in this act, and he shall, on the first Monday of January, nineteen hundred and twenty-four, also cancel and destroy all bonds not theretofore sold. All bonds issued shall be signed by the governor, and countersigned by the controller, and shall be endorsed by the state treasurer, and each shall have the seal of the state stamped thereon. Each bond shall contain a clause that it is subject to redemption by lot after the year 1914.

Sec. 2. Interest coupons shall be attached to each of said bonds, so that such coupons may be removed without injury to or mutilation of the bond. Said coupons shall be consecutively numbered, and shall be signed by the state treasurer. But no interest on any of said bonds shall be paid for any time which may intervene between the date of any of said bonds and the issue and sale thereof to a purchaser.

Sec. 3. The sum of one thousand dollars is hereby appropriated to pay the expense that may be incurred by the state treasurer in having said bonds prepared. Said amount shall be paid out of the San Francisco harbor improvement fund on controller's warrants duly drawn for that purpose.

Sec. 4. When the bonds authorized to be issued under this act shall be duly executed, they shall be by the state treasurer sold at public auction to the highest bidder for cash, in such parcels and numbers as said treasurer shall be directed by the governor of the state, under the seal thereof, after a resolution requesting such sale shall have been adopted by the board of state harbor commissioners; but said treasurer must reject any and all bids for said bonds, or for any of them, which shall be below the par value of said bonds so offered; and he may, by public announcement at the place and time fixed for the sale, continue such sale, as to the whole of the bonds offered, or any part thereof offered, to such time and place as he may select. Due notice of the time and place of sale of all bonds must be given by said treasurer by publication in two newspapers published in the city and county of San Francisco, and also by publication in one newspaper published in the city of Oakland, and by publication in one newspaper published in the city of Los Angeles, and by publication in one newspaper published in the city of Sacramento, once a week during four weeks prior to such sale. The costs of such publication shall be paid out of the San Francisco harbor improvement fund, on controller's warrants duly drawn for that purpose. The proceeds of the sale of such bonds shall be forthwith paid over by said treasurer into the treasury, and must be by him kept in a separate fund, to be known and designated as the "San Francisco Seawall Fund" and must be used exclusively for the construction of seawalls and appurtenances thereto on the water front of the city and county of San Francisco. Drafts and warrants upon said fund shall be drawn upon and shall be paid out of said fund in the same manner as drafts and warrants are drawn upon and paid out of the San Francisco harbor improvement fund.

Sec. 5. For the payment of the principal and interest of said bonds a sinking fund, to be known and designated as the "San Francisco Seawall Sinking Fund" shall be and the same is hereby created, as follows: The state treasurer shall, on the first day of each and every month after the sale of said bonds, take from the San Francisco harbor improvement fund such sum as, multiplied by the time the bonds then sold and outstanding have to run, will equal the principal of the bonds sold and outstanding at the time said treasurer shall so take said sum from said San Francisco harbor improvement fund, less the amount theretofore taken therefrom for said purpose; and he shall place the sum in the San Francisco seawall sinking fund created by this act. Said state treasurer shall, on controller's warrants duly drawn for that purpose, employ the moneys in said sinking fund in the purchase of bonds of the United States, or of the state of California, or of the several counties or municipalities of the state of California, which said bonds shall be kept in a proper receptacle, appropriately labeled; but he must keep always on hand a sufficient amount of money in said sinking fund with which to pay the interest on such of the state bonds herein provided to be issued as may have theretofore been sold. And to provide means for the payment of interest on the bonds that may be sold and outstanding, said treasurer shall monthly take from the San Francisco harbor improvement fund, and pay into said seawall sinking fund, an amount equal to the monthly interest then due on all bonds then sold, delivered and outstanding. The board of state harbor commissioners are hereby authorized and directed by the collection of dockage, tolls, rents, wharfage and cranage, to collect a sum of money sufficient for the purposes of this act, over and above the amount limited by section two thousand five hundred and twenty-six of the Political Code of the state of California. Between the first and the tenth day of November, in the year nineteen hundred and fourteen, and between the first and the tenth day of November of each year thereafter until the maturity of said bonds, the said treasurer shall, in the presence of the governor, proceed to draw by lots such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund at that time, and shall thereupon and before the tenth day of December following, give notice by public advertisement to be inserted twice a week for two weeks in two newspapers published in the city and county of San Francisco, and also in one newspaper published in the city of Oakland, and also in one newspaper published in the city of Los Angeles, and also in one newspaper published in the city of Sacramento, stating the number of bonds so drawn and that the principal of said bonds will be paid on presentation to the treasurer on or before the second day of January, following, and that from and after such last named date all interest upon bonds thus drawn shall cease and it shall be the duty of the treasurer as soon as said bonds so drawn by lot are surrendered to him and paid to cancel the same and the interest coupons thereon, and each year beginning with the year 1914 the said treasurer shall, in the manner aforesaid, proceed to draw by lot such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund, and proceed in the manner hereabove stated. After the payment of all of said bonds, the surplus or balance remaining in said sinking fund, if any there be, shall forthwith be paid into the San Francisco harbor improvement fund. At the time of the respective drawings by lot as aforesaid, and also at the maturity of said state bonds, said treasurer shall sell the United States or other bonds then in said sinking fund, at governing market rates, after advertising the sale thereof in the manner hereinbefore provided for the sale of bonds hereby authorized to be issued, and shall use the proceeds for the payment of such bonds as may be drawn by lot, and at the maturity of said bonds outstanding shall pay and redeem said matured outstanding bonds out of said moneys in said fund in extinguishment of said bonds on controller's warrants duly drawn for that purpose.

Sec. 6. The state controller and the state treasurer shall keep full and particular account and record of all their proceedings under this act, and they shall transmit to the governor an abstract of all such proceedings thereunder, with an annual report, to be by the governor laid before the legislature biennially; and all books and papers pertaining to the matter provided for in this act shall at all times be open to the inspection of any party interested, or the governor, or the attorney-general, or a committee of either branch of the legislature, or a joint committee of both, or any citizen of the state.

Sec. 7. It shall be the duty of the state treasurer to pay the interest of said bonds, when the same falls due, out of the sinking fund provided for in this act, on controller's warrants duly drawn for that purpose.

Sec. 8. This act, if adopted by the people, shall take effect on the thirty-first day of December, A. D. nineteen hundred and four, as to all its provisions except those relating to and necessary for its submission to the people, and for returning, canvassing, and proclaiming the votes, and as to said excepted provisions this act shall take effect immediately.

Sec. 9. This act shall be submitted to the people of the state of California for their ratification at the next general election, to be holden in the month of November, A. D. nineteen hundred and four; and all ballots at said election shall have printed thereon, and at the end thereof, the words "For the San Francisco Seawall Act," and in a separate line under the same the words "Against the San Francisco Seawall Act," and opposite said lines there shall be left spaces in which the voters may make or stamp a cross to indicate whether they vote for or against the said act, and those voting for said act shall do so by placing a cross opposite the words "For the San Francisco Seawall Act," and all those voting against the said act shall do so by placing a cross opposite the words "Against the San Francisco Seawall Act." The governor of this state shall include the submission of this act to the people, as aforesaid, in his proclamation calling for said general election.

Sec. 10. The votes cast for or against this act shall be counted, returned and canvassed and declared in the same manner and subject to the same rules as votes cast for state officers; and if it appear that said act shall have received a majority of all the votes cast for and against it at such election, as aforesaid, then the same shall have effect as hereinbefore provided, and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the governor shall make proclamation thereof; but if a majority of the votes cast as aforesaid are against this act, then the same shall be and become void.

Sec. 11. This act may be known and cited as the "San Francisco Seawall Act."

Sec. 12. All acts and parts of acts in conflict with the provision of this act are hereby repealed.

WHERE TO SPEND VACATION.

Hints Given in Free Book Published by the California Northwestern Railway.

Of course you are going to have a period of rest this year, but, do not decide as to where you will pass this season until after you have read "Vacation 1904." This is a book issued annually by the California Northwestern Railway Company, which gives information regarding the many rest and pleasure resorts to be found on that road. These resorts are numerous enough and varied enough to supply thousands of people with whatever may be needed in the way of relaxation and recreation, and at prices which may suit every one's pocket.

To begin with, there is no prettier part of California than that through which winds the California Northwestern Railway. This is, in itself, a pleasure, and this is enhanced by the splendid equipment of the road and the ceaseless watchfulness, care and unfailing courtesy of the employees.

Aside from the attractive features of the road, the country traversed by it is richly endowed with mineral springs, which restore health and vigor to the ailing; woods and copses in which game abounds, running water and lakes in which swimming and boating may be indulged, and streams from which the trout may be drawn in all its beauty. While enjoying these, people may live in tents, farm houses, or hotels, just as inclination suggests.

Information on all these features is found in "Vacation 1904," which contains over 150 pages, and which is richly illustrated. The cost of maintenance at each place is also given from $7.00 per week upward.

"Vacation 1904" may be had at the offices of the California Northwestern Railway, or by mail, in response to a request addressed to the General Passenger Agent, San Francisco.

I want to see the Filypinos livin' on the plain,
An' the dawnin' o' creation an' the sinkin' o' the Maine,
An' other great inventions, like the Chinees an' the Turks,
An' the men from France and Borneo a-carryin' their dirks.
Then the cityful o' side shows—there's the kind o' thing I like,
I reckon I'll go busted when I travel down the Pike.
